

Welcome to Stony Creek Canine Academy for a CPE agility trial!

Though we are not requiring masks while running we are still asking participants to be careful to respect everyone's space and honor physical distancing. We want to keep the trial moving but not at the expense of safety. Please review the sensible guidelines issued by CPE. A quick summary of the practices at SCCA:

#### **Masks**

- Will NOT be required at this trial!

#### **Restrooms**

- Porta-potty by the big pine tree.
- Restrooms with running water in small white building past the Sales Room.
- There will also be a handwashing station near the ring.

#### **Exercise / Dog potty areas**

- Little valley on the other side of the driveway (in front of large white barn, by antique tractors).
- Big field way past the red grooming shop.
- Please pick up after your dog and dispose in the trash cans by the gate.
- Do not walk into the apple orchard or beyond marked off areas.

#### **Entering and leaving the ring**

- No toys or treats are allowed past the swinging gate; exception to approved DTIR toys.
- The dog leaving the ring has the right of way and keep your physical distance.
- No one is allowed to sit at the scoring table except the judge and the person scoring the scribe sheets.
- Make sure the scribe knows your dog's name before you start and wait for the timer's signal.

#### **Workers**

- There will be a worker sign up available online at:  
[https://docs.google.com/spreadsheets/d/11\\_pSUeN\\_khENfdapEpe-bgj82DmnP3mP2mLDMVrb5Gs/edit?usp=sharing](https://docs.google.com/spreadsheets/d/11_pSUeN_khENfdapEpe-bgj82DmnP3mP2mLDMVrb5Gs/edit?usp=sharing).
- If you are bar setting, use the yellow bars for 4" height on the fixed stanchions and the blue for all other heights.
- If you must have a cell phone in the ring, please make sure it is on silent.
- Sanitize hands before and after working in the ring.

#### **Miscellaneous**

- The pre-entered exhibitor catalog can be viewed after Sept 6<sup>th</sup> at  
<http://www.stonycreekcanineacademy.com/cpe-competitor-page.html>
- SCCA **will not** be providing any food items for this trial so be sure to bring a lunch. We WILL be offering ice cream for workers for the last class on each day! Remember to also bring plenty of water for you and your pups.
- In lieu of worker Lunch we will be issuing worker buck credits to be used for your next SCCA trial entry, or they can submit their coupon(s) in a raffle for \$50 SCCA agility trial coupon pulled on Sunday! This will be mailed if you are not present.

- Moving your Dog in the lineup requires this be done with both the running order and the score sheets so please see either Venisa or Rhyan. Rhyan can generally be found the in the small red building by the ring.
- Make sure you verify your results as soon as possible and if you have questions you can ask promptly, the judge is not likely to remember a run from Friday that you question on Saturday and all results will be final at the end of day Sunday.
- Ribbons available and results will be posted in the Salesroom (large white cement building at the top of driveway). **Dogs will NOT be permitted in the Salesroom for this trial!** The orchard will be opening soon.
- Please let Venisa know if you may be earning your C-atch or C-ate so we can allow you time to celebrate with your pup.
- A hose will be located by the large pine tree closest to the house. This is to allow access to cold water for dogs. **This is from our home well. Please use it to cool and get water but not for endless play time.** Please remember to wash/sanitize your hands before and after use.
- All courses, except Jackpot and FullHouse, have when the next dog should enter the ring barring any issues. Please be alert to move in quickly for these games once you hear the whistle and the previous dog's run is completed.
- We will also be holding a Canine Scent Sport on Saturday and Sunday starting around 1pm. The Agility trial will take priority over the Scent trial. You will not miss your runs in either trial.

**HAVE FUN!!!**
